			No. 1:19-CR-2032-SMJ-1		
			<b><i>Unopposed</i></b> <sup>1</sup> Motion for Access to Grand Jury Selection Records and Materials for Spokane Division		
			Yakima—Without Argument		
			December 31, 2020 – 6:30 p.m.

<sup>1</sup> The United States does not oppose James Cloud's request.

1       On February 2020, a Yakima-based grand jury (Jury Division B) returned a  
2 Second Superseding Indictment, charging James Cloud with carjacking, kidnapping,  
3 assault, firearm offenses, and first-degree murder.<sup>2</sup> Given charges' gravity, James  
4 Cloud hired an expert to assess whether this grand jury was drawn from a fair  
5 cross-section of the community, a right afforded to him under both statute and the  
6 Constitution.

7       As part of this assessment, James Cloud asked the Court to access 27  
8 categories of records from the Yakima grand jury.<sup>3</sup> The Court granted James  
9 Cloud's request in large part, directing the Clerk's Office to produce 25 categories  
10 of records.<sup>4</sup>

11       The only two categories the Court denied involved requests for Covid-19  
12 related records (i.e., policies, procedures, and Court orders entered due to the  
13 Covid-19 pandemic). The Court denied these requests on ripeness grounds—that is,  
14 the Yakima grand jury returned an indictment *before* the pandemic (February 2020).  
15 In its Order, the Court noted these requests “would presumably be relevant”<sup>5</sup> if a  
16 grand jury returned a superseding indictment *during* the pandemic.

17  
18       <sup>2</sup> ECF No. 132 (Second Superseding Indictment).

19       <sup>3</sup> ECF No. 179 (Motion for Access to Grand Jury Selection Records and Materials).

<sup>4</sup> ECF No. 184 (Order).

<sup>5</sup> ECF No. 184 at 3 (Order).

1 That day has come.

2 On November 17, 2020, a Spokane-based grand jury returned a Third  
3 Superseding Indictment,<sup>6</sup> making James Cloud's previously unripe requests for  
4 Covid-19-related records timely.

5 Besides Covid-19-related records, James Cloud needs access to a few other  
6 categories of records based on unusual circumstances—namely, which grand jury  
7 returned this latest indictment. The United States obtained the Third Superseding  
8 Indictment from Spokane, which falls in Jury Division A, and consists of different  
9 grand jurors than Jury Division B.

10 In terms of what categories of records James Cloud seeks, the answer is  
11 simple: nothing new. Each category of record James Cloud seeks is a category the  
12 Court already directed the Clerk's Office to produce in the last request.

13 Besides the record requests being nothing new, they are also narrower than  
14 before—by a lot. The reason for the narrowed request is attributed the Clerk's  
15 Office's thoroughness. When it disclosed the Yakima-based records, it provided  
16 many records that touch on Spokane as well, obviating the need to request those  
17 records anew. So while James Cloud previously requested 27 categories of records,  
18 his new request seeks only 10.

<sup>6</sup> ECF No. 242 (Third Superseding Indictment).

To help the Court easily track what records James Cloud previously sought, how the Court ruled, and what new records are needed (and not), James Cloud prepared a table—complete with pinpoint citations—for ease.

1 To allow for James Cloud to meaningfully review whether the Spokane-based  
2 grand jury in his case was comprised from a fair cross-section of the community, he  
3 respectfully asks the Court to grant him access to the following supplemental  
4 materials related to the Spokane grand jury:<sup>61</sup>

5 #2 - **Covid-19 adjustments.**<sup>62</sup> Any policies and procedures enacted for  
6 summoning and enlisting grand jurors due to the Covid-19 pandemic.

7 #3 - **Covid-19-related Orders.** Any Court orders entered for summoning and  
8 enlisting grand jurors due to the Covid-19 pandemic.

9 #4 - **Forms.** Any AO-12 or JS-12 forms created from the jury wheels used to

16 <sup>61</sup> Attached as Exhibit A is the Declaration of Jeffrey O. Martin, an expert who specializes in  
17 reviewing jury wheel data. Mr. Martin's declaration provides additional support for the following:  
18 1) why the requested information is needed; 2) that the requested information is consistent with  
previously-approved requests; and 3) that only a small portion of the information requested  
contains personally-identifiable information, but there are procedures he has used in the past to  
protect it.

19 <sup>62</sup> Each numbered request (e.g., #2 - Covid-19 adjustments) corresponds to the included chart.  
(This explains why the numbers don't begin with #1 or increase in numerical order.)

**#17 - Numbers summoned.** The number of persons summoned from the Qualified Jury Wheel to be considered as grand jurors in this case.

**#24 - *Grand juror numbers.*** The juror numbers (not name or address) for persons selected as potential grand jurors in this case.

**#26 – Juror Qualification Forms.** The juror qualification and summons forms for persons summoned to potentially become grand jurors in this case.
